

## Notes on Styles.

The ZIP file ClydesStyles.zip contains 12 styles. Apart from \_PSJN120.sty (which is a standard Country Western Style released in 2014 version), all other styles I have created based on standard styles.

The concept is: Take =BAG781 this is BAGWELL.STY with Real Tracks piano 781 for the paino section.

Often with the bass, I have stayed with the normal bass generated by the style, but maybe changed to Hi\_Q 033 Acoustic Bass for the sound.

With harmonies, I have enclosed my Harmony file, which has new harmonies added into 249–252. These are used to give more piano strength to melody.

Other than that, it is all pretty standard BIAB.

Have fun ... Clyde (Feb, 2014)
